PROFESSIONAL SUMMARY

Presentation and multimedia designer with 6 years of experience in medical communications, and a licensed pharmacist. I turn clinical data, guidelines and business content into clear, on-brand presentations, detail aids, eLearning modules and campaign visuals for pharmaceutical companies across Saudi Arabia, the UAE and Egypt. Because I understand the science, I can work directly from medical content, keep data accurate, and work smoothly with medical, marketing and brand stakeholders through review rounds. My focus is visual storytelling and data visualization that make complex information easy to act on. I use generative AI as part of my daily workflow for 3D icons, packshots, renders and short videos.

300+ presentations | 40+ SCORM modules | 24 pharma brands | KSA · UAE · Egypt | English & Arabic

WORK EXPERIENCE

Senior Multimedia Designer

02/2026 – Present

Anchor Global Medical Affairs · Medical affairs & clinical research (CRO) · Remote · Sole designer

- Own all design output for the company: client deliverables, proposals, brand and marketing materials.
- Hikma account: detail aids and dropcards (Azyldrox, Davoltan) and an 8-module Pantogar SCORM course with final quiz in Articulate Storyline.
- Advisory board materials: pre-reads, agendas, questionnaires and summary reports (GLP-1 & hair loss, cosmeceuticals in hair transplantation).
- Business proposals and capability decks for new clients, including a vendor qualification deck for Galderma and SCORM / CDS-app proposals for Pharco.
- Company profile, promo and social videos (4:5 and 9:16), brochures, CPD certificates and social media posts.

Senior Multimedia Designer (Part-time)

05/2026 – Present

MedX · Medical writing, marketing & visualization

- Detail aids and slide kits for oncology, diabetes and aesthetics brands (Abroten, Monzeva, Sugmadon, Tofanta, Plerus).
- Aesthetic product brochures and packaging die-lines; DentX conference booklet, invitation and speaker pages.
- Designed the agency's ad-performance report templates in English and Arabic.

Multimedia Designer

06/2021 – 01/2026 · freelance since 02/2026

Marvel Medical Scientific Solutions · Medical communications agency · Remote

- Designed 10+ presentations a month for pharma clients in KSA, UAE and Egypt, including Jamjoom Pharma, Tabuk, SPIMACO, Hikma, STADA, GSK, Zambon and Cooper.
- Designed SCORM modules in Articulate Storyline (Diamon, Divinusmet XR, guideline courses), including interactions and voice-over sync.
- Produced interactive e-detailers (PPT/PDF), detail aids, dropcards, booklets and master brochures in English and Arabic, through multiple medical-review rounds.
- Created motion and AI-video content: product concept animations for Tabuk (Artiz, Ezipan, Prof Cold & Flu, FreshVue), Ramadan campaign videos and social reels.
- Adapted around 120 product cartons for the local market, and produced POS materials (danglers, tent cards, roll-ups).
- Built slide masters and templates used by the team, and supported junior designers. Kept on as a freelancer after moving to Anchor.

Freelance Presentation & Multimedia Designer

01/2025 – Present

Remote · Agencies and companies in KSA, UAE, Jordan and Egypt

- For a medical communications agency: hypertension and CKD SCORM modules, oncology detail aids, multi-specialty diabetes materials, medtech brochures and a regional congress deck for global pharma and medtech brands.
- Muhimma (Saudi data platform): pitch decks, company profile and landing-page visuals, delivered on a near-daily basis.
- Experts Unit and GEOSA: Arabic and English company profiles, proposals, and a project-management office operating guide.
- Product presentations, logo reveals and promo videos for aesthetics and supplement brands.

Graphic Designer, Drug Information Center

03/2022 – 02/2023

Deraya University

- Brochures, flyers, infographics and charts that explain medication information to patients and healthcare providers.

SELECTED PROJECTS

- **Galderma vendor qualification deck** (Anchor) · 48-slide consulting-style capability deck prepared for the client's procurement review.
- **Tabuk Pharmaceuticals proposal & Experts Unit company profile** · business proposal deck for a Saudi pharma company, and a bilingual (AR/EN) consulting company profile. View Tabuk · View Experts Unit
- **Diamon™ launch kit** (Jamjoom Pharma) · SCORM course, e-detailer and carton for one product. View SCORM
- **Pantogar eLearning course** (Hikma) · 8 SCORM modules with a final quiz, built in Articulate Storyline.

SKILLS

Presentation design

PowerPoint (advanced: slide masters, templates, charts, animation), Google Slides, Keynote. Pitch decks, proposals, corporate profiles, medical slide kits, data visualization.

Medical & pharma content

Detail aids, e-detailers, dropcards, leaflets, booklets, advisory-board materials, CME/CPD materials. Working from clinical studies, guidelines and SmPCs.

eLearning

Articulate Storyline 360: SCORM module design, interactions, quizzes, voice-over sync.

Design & print

Adobe Photoshop, Illustrator, InDesign. Brochures, packaging adaptations, die-lines, POS, roll-ups.

Motion & video

Adobe After Effects and Premiere Pro: logo reveals, product animations, social reels and editing.

Generative AI

Photoshop Generative Fill / Nano Banana, Kling, Veo, Runway, ChatGPT and Claude: 3D icon sets, packshots, medical renders, AI video and faster slide production.

Also

Canva, Figma (basic), Microsoft Word & Excel.
